

**Montville Recreation and
Pathways for Exceptional Children
Present
The Magic of Reading**

Winter II - 2010

WHO: All children in grades K, 1, 2, 3 and 4, who need a positive and fun environment to acquire strength in all aspects of reading. All children are welcome in this program — they may simply need a strong emphasis on strengthening reading skills.

Instructors: Debi Jarvie, Carolyn Schmidt & other certified teachers

WHAT: This is our own innovative program designed to provide a positive environment for children to read confidently with teachers and mentors as coaches. We will emphasize decoding words, sight words, building sentences, discussing stories, the complexities of comprehension and gaining confidence. Comprehension and fluency are also considered. Activities that typically cause frustration and off-task behavior have been removed from this program. You will find books, games and interactive learning activities. Particular focus is placed on fluency and sentence structure, which critically affect the comprehension process. The environment is EX-TREMELY positive, with teachers acting as coaches. *Teachers will conduct very informal assessments for instruction and program placement only. Questions about the program can be sent to the magicofreading@yahoo.com
